

2009 CMRC ATV RACE SERIES

CMRC ATV General Rules

- 1) The following safety requirements are mandatory for all ATVs:
 - a) Tether cord that functions properly
 - b) Nerf bars or OEM foot boards
 - c) All UTV classes must have extremity restraints
 - d) All classes are subject to random tech inspections throughout race day
- 2) In all classes, the ATV's engine must not exceed class displacement limitations.
- 3) In all ATV production classes, the engine must be from the approved model. The manufacturer's frame, crankcase, cylinder and cylinder head from the approved model must be used as catalogued and sold by the manufacturer of the ATV in question. (*Excludes ATV Novice, Beginner, Junior, Open Sport, Vet, Mini Open, and Super Mini)
- 4) All other CMRC rules apply (see 2009 CMRC rule book for details)
- 5) At all CMRC ATV sanctioned events, the rulings of the Referees / Promoters are final.

CMRC ATV Production Classes

Tykes, Beginner, Pee Wee, Thumper, Mini Ladies, Sportsman, Ladies, Ladies Pro, Open Automatic, Intermediate, Pro, and both UVT classes, must stay within displacement limits of the class. Production classes must use the approved OEM cylinder head, cylinder and cases, as well as OEM Frame. Engines cannot be stroked or bored in any production division.

ATV Novice, Beginner, Junior, Open Sport, Vet, Mini Open, and Super Mini, are not limited to production rules, however, they must fall within the displacement limits of the class.

CMRC ATV Advancement & Scoring

ATV participants are permitted to compete in more than one class provided they meet the rules and eligibility requirements for that class.

ATV Beginner to ATV Junior, 12 points; ATV Junior to ATV Intermediate, 18 points; ATV Intermediate to ATV Pro, 24 points; Ladies ATV to Ladies PRO ATV, 24 points.

In instances where a rider's machine becomes disabled prior to reaching the finish line AND he/she completed at least 50 percent of the total number of laps completed by the winner, he/she will receive last place points. In these circumstances, riders will NOT be required to physically push his/her machine across the finish line. Riders who do not physically push their machines across the finish line will be considered as having completed the race.

In the event that a racer has a mechanical failure in the first moto and chooses to race an alternate ATV in the second moto, the racer will start in the back row for the second moto.

2009 CMRC ATV PROVINCIAL RACE SERIES

"TEAM CHAMPIONSHIP"

A team consists of 4 different riders participating in 4 different classes. Round by round, each rider's results will be tabulated and accumulated. At the end of the series, all 4 riders' scores will be added together to determine a team champion.

We encourage teams to have a presence at the races. Uniform ATVs, apparel, tents etc., will attract more sponsors to the team members and the series. Pit together and have a professional display.

A team must register before May 31, 2009. A team entry form is provided and can be e-mailed to wheelsfx@rogers.com. **No mid season rider substitutions will be allowed.** The success of an individual rider in a single defined class will be tracked.

All race results will be tabulated for overall points through to the last race in the schedule.

A team trophy, individual trophies and awards will go to the winning team members.
